

An Enrollment Sponsor will have three full calendar months from the new member or customer's sign-up date to place that first level member and his/her downline on a lower level in the Enrollment Sponsor's downline organization. For example: If a new member or customer joined on January 15th, the Enroller would have until the last day of April to place that new member or customer anywhere in their downline.

Any downline that the new member has generated during the initial three calendar month period, and up until the change is made in the genealogy, will be moved with them in the event of a placement change.

Enrollment sponsorship may also be permanently transferred to the new Placement Sponsor during the initial three-month period. Enrollment sponsorship change is optional and must occur at the time of Placement Sponsor change.

See Policy 36A of the Life Force Policy & Procedure Agreement for additional details and requirements.

ENROLLMENT SPONSOR REQUESTING THE CHANGE

Please Print Clearly

Enrollment Sponsor Name: _____ Member ID #: _____

Enrollment Sponsor Signature: _____ Date: _____

MEMBER OR CUSTOMER TO BE PLACED
